April 26, 2021

In light of the second surge of Covid-19 in India, the organisers of the IHGF Delhi Fair have cancelled the physical show, offering a virtual edition instead on 19-23 May 2021

This edition brings together a total of over 750 leading Indian manufacturers, exhibiting their products in 14 broad based categories with focus on product origins and inspirations that many buyers would find only in India. A choice of 2000+ products and 200+ trend specific design developments encompassing the complete supply chain of home, lifestyle, fashion , textiles & furniture will be available to discover in the virtual space. The presented innovations are a result of consistent feedback, research and exploration of materials, crafts, forms and finishes.

Added attractions like Trend Areas, Craft Demonstrations, Ramp Presentations and Knowledge Webinars are also part of the show, set to inspire and inform buyers.
